## Aldi Community Games National Team Finals Limerick 2021

*"It's great to be in University of Limerick who play host to our outdoor team events this year. We expect over 700 children will play today in a variety of team sports: Gaelic Football, Rounders, Skittles, Hurling, Soccer, Camogie and Tag Rugby. We're grateful to our title sponsors Aldi Ireland and our Official Travel Partners Bus Éireann and Transport for Ireland for helping us bring back the Games to Communities all over Ireland! A very special thanks also to Sport Ireland. We hope you all enjoy your day and remember that, as always, the most important element of Community Games is taking part!"*

**Gerry McGuinness, President of Aldi Community Games**

---

*"We are delighted that Aldi Community Games were able to continue this year, despite the challenges that sporting events all around the world have faced during the Covid-19 pandemic. The team at Aldi Community Games really rose to the challenges that they faced when arranging the games this year - allowing young people the opportunity to continue participating in sports and art all around the country in their local communities. We all know how important a strong sense of community is, and Community Games allow for this to continue, even in the most challenging of times."*

**John Curtin, Group Buying Director at Aldi Ireland**

---

*"Bus Éireann and Aldi Community Games are at the heart of communities across Ireland and we are proud to be the official travel partner of the Games for the second year. The Outdoor Team Event Finals today in UL highlight the incredible talents of participants from across Ireland and we are delighted to be part of such an exciting event."*

**Eleanor Farrell, Chief Commercial Officer, Bus Éireann**

---

*"A Chairde, I wish to extend a very warm welcome to all our Aldi Community Games teams, their managers and families. It's great to be back in the wonderful facilities of the University of Limerick. I'm delighted that despite all the difficulties encountered by all age groups through Covid that Aldi Community Games has remained active and children have the opportunity to participate in a variety of team games. For some younger children it will be their first National event and we hope it will be enjoyable. For others at U16 level it may be their final opportunity to take part but we hope they will continue to engage with us as volunteers into the future. We appreciate the input and enthusiasm of all our volunteers."*
