Community Games promotes healthy active lifestyles, wellbeing, diversity and inclusion for children, families and communities throughout the Republic of Ireland.

We believe every child has the right to enjoy a pastime with their friends or on their own in a safe and friendly environment, this may be on a football pitch, a stage or at a chess board... Community Games offers something for everyone.

As you will see, there are over 40 different activities for a child aged 6- 16years of age to enjoy from swimming to singing, athletics to art, chess to camogie etc, everyone is welcomed to join and take part in their chosen activities. You might even get to represent your home town at a County, Regional or National Final! The possibilities are endless with lots of fun to be had. If your Area is not already registered with Community Games then it's never too late, you can register now - Check out how at [www.communitygames.ie/areas](http://www.communitygames.ie/areas)

The dedication and commitment of our 10,000 plus volunteers who support our young people annually is a wonderful manifestation of the Irish community spirit and with an estimated 160,000 children taking part every year Community Games is very much alive and well and a very important and much loved part of Irish society.
